- 3.1 In consideration for the rights and license granted herein, LICENSEE shall deliver to CPR-PROMPT as an initial payment a check for One Hundred Thousand Dollars (\$100,000.00) upon execution of this Agreement. CPR-PROMPT will hold such check until it obtains shareholder approval for the transactions contemplated by this Agreement, which it will seek as soon as practicable and which it covenants it will receive. If when it obtains such shareholder approval, (a) less than eleven percent (11%) of the outstanding stock of CPR-PROMPT has failed to vote in favor of such transactions, and (b) no litigation relating to this Agreement or such transactions is pending or threatened, CPR-PROMPT shall cash such check; however, if within thirty (30) days from the date of this Agreement, it has not received such approval, or if when it obtains such approval, the conditions set forth above in (a) and (b) are not met, it shall so notify LICENSEE and LICENSEE shall have the right within ten (10) days after receipt of such notice to terminate this Agreement pursuant to Section 8.5 and receive back the \$100,000.00 check.
- 3.2 Additionally, during each of the first twelve (12) months of this Agreement, LICENSEE shall pay CPR-PROMPT Four Thousand Dollars (\$4,000.00) per month on or before the last day of each month, which payments shall constitute an advance against royalties payable under Sections 3.3 and 3.4 and shall be deducted from the royalties which become payable thereunder by LICENSEE.
- 3.3 In further consideration for the rights and license granted herein, LICENSEE shall pay either of the following amounts to CPR-PROMPT based on sales of any Licensed Products in any country in which any of the Licensed Patents are in effect and which Licensed Products are covered by one or more non-

invalidated claims of any of the Licensed Patents in such country:

(a) With respect to Net Sales of the Professional Version of the Licensed Products:

	<u>Royalty Percentage</u>
For the first twelve months of this Agreement	Five Percent (5%)
Thereafter	Three and One-Half Percent (3 1/2%)

(b) With respect to Net Sales of the Consumer Version of the Licensed Products, during the term of this Agreement, the royalty percentage shall be two percent (2%).

In the event any Licensed Products are sold for resale to an Affiliate of LICENSEE, the royalties to be paid in respect thereto shall be computed on the Net Sales price at which the Affiliate resells such Licensed Products rather than on the Net Sales price of LICENSEE.

3.4 LICENSEE shall make minimum royalty payments (which include Sublicensee Payments) to CPR-PROMPT with respect to each twelve-month period during which this Agreement is in effect commencing with the effective date hereof. Such minimum royalty payments shall be Forty Eight Thousand Dollars (\$48,000.00) for the first twelve months of this Agreement and Ten Thousand Dollars (\$10,000.00) for each twelve-month period of this Agreement thereafter. In the event that the royalties payable with respect to each twelve-month period following the effective date of this Agreement pursuant to Sections 3.2, 3.3 and 3.5 do not aggregate such minimum royalty payments, then LICENSEE shall, within thirty (30) days following the end of such twelve-month period, pay to CPR-PROMPT the difference between the royalties actually paid to CPR-PROMPT and the minimum royalty payment amount for that twelve-month period. In the event Hutchins fails to perform his obligations under Section 3.9, no minimum royalties shall be due for the first twelve months of this Agreement.

3.5 With respect to Sublicenses granted by LICENSEE under this Agreement, LICENSEE shall pay to CPR-PROMPT fifty percent (50%) of any amounts actually received from its Sublicensees, after deducting LICENSEE's actual and documented out-of-pocket costs for such sublicensing.

3.6 LICENSEE shall submit to LICENSOR (i) within sixty (60) days of the close of each of its first three (3) fiscal quarters of each fiscal year and (ii) within ninety (90) days of the close of its last fiscal quarter of each fiscal year, a written report setting forth the gross sales and the deductions taken to determine the Net Sales of the Professional Version and the Net Sales of the Consumer Version sold by or on behalf of LICENSEE and the Sublicensee Payments for that quarter, together with the royalties due to CPR-PROMPT for that quarter. The report shall be submitted by LICENSEE regardless of whether royalties are due for that quarter.

3.7 LICENSEE shall keep at its office in Warrensville Heights, Ohio true and accurate accounts of all Licensed Products sold or leased hereunder and all Sublicensee Payments. Such records shall show the number of Licensed Products sold or leased and the dollar sales of Licensed Products sold or leased by or on behalf of LICENSEE. LICENSOR is hereby given the right to access through an independent public accountant to those books of LICENSEE involving transactions covered by this Agreement for the purpose of verifying reports received by it, such access to be at reasonable business hours upon providing reasonable advance notice, and at the sole expense of LICENSOR. Such right of access shall be limited to once during each year this Agreement is in effect. LICENSEE will retain for at least five (5) years all relevant records concerning sales of the Licensed Products.

3.8 All statements, accounts and records provided by LICENSEE pursuant to this Agreement are deemed to be confidential and proprietary information of LICENSEE, and shall not be disclosed without LICENSEE's prior written consent, except to LICENSOR's accountants and attorneys who are under a duty of confidentiality and except pursuant to a valid court order or, if required, in legal proceedings.

3.9 During the first twelve months of this Agreement, Hutchins shall provide to LICENSEE at no charge up to 500 hours of his time, at such times and places as are mutually agreed upon, to assist LICENSEE in connection with the development and sale of the Licensed Products; provided that LICENSEE shall reimburse Hutchins, according to LICENSEE's policies, for reasonable travel and living expenses incurred by Hutchins in connection with providing such assistance.

3.10 After the date of this Agreement, LICENSEE will assign all of its rights and obligations under this Agreement to an Affiliate of LICENSEE. Such Affiliate will cause each partner of such Affiliate who purchases or otherwise acquires a partnership interest of such Affiliate directly from such Affiliate to agree to pay to CPR-PROMPT seven and

one-half percent (7.5%) of the net proceeds of any sale of any or all of such partnership interest to any person or entity which is not an Affiliate of such partner. "Net proceeds" shall mean the proceeds received by such partner for such sale after deduction of an amount equal to the sum of (a) the actual and documented legal, accounting, travel and all other expenses attributable to the sale, (b) the actual and documented brokers' commissions, finders' fees and similar costs attributable to the sale, and (c) all other actual and documented costs and expenses attributable to the sale. In the event the 7.5% payment contemplated hereby is neither (a) deductible for federal or state income tax purposes by the selling partner nor (b) a proper adjustment in the tax basis of the selling partner, the "net proceeds" of such partner shall be further reduced by the federal or state income taxes attributable to the gain on such sale. If the net proceeds from the sale are paid other than in cash, such partner may elect in satisfaction of the obligations to CPR-PROMPT under this Section 3.10 to have CPR-PROMPT receive its 7.5% payment either in (i) the same type of consideration that such partner receives from the sale, or (ii) a cash payment based upon the fair market value of such consideration on the date of the closing of the sale. After the sale of all such partnership interests to a single purchaser (which is not an Affiliate) in a single transaction, whether by direct sale, merger, consolidation or other transaction pursuant to which CPR-PROMPT receives 7.5% payments, the obligation to cause each partner thereafter to agree to make such payments shall expire. If such Affiliate conducts a public offering under the Securities Act of 1933, no person or entity purchasing stock in such offering or from such Affiliate thereafter shall be required to agree to make such payments. If such Affiliate is a corporation, limited liability company or other business entity, all references in this Section 3.10 to "partner" shall mean "shareholder" and all references to a "partnership interest" shall mean an "equity interest." The payments contemplated by this Section 3.10 shall be in addition to and not in lieu of the royalties payable pursuant to Sections 3.1 through 3.5.

IV. REPRESENTATIONS AND WARRANTIES; LICENSED PATENTS AND MARKS

4.1 LICENSOR represents and warrants that:

Simultaneously with LICENSOR's execution and delivery of this Agreement LICENSOR has delivered to LICENSEE an opinion of LICENSOR's counsel, dated as of the date hereof, with respect to the matters set forth in this Section 4.1 other than Sections 4.1(e), (f) and (g).

4.3 LICENSOR has not at any time filed, or caused to be filed, applications for other patents, in their own names or in the name of a third party, in the United States or elsewhere, for any of the Licensed Products or a similar product, other than the Licensed Patents.

4.4 LICENSOR shall do all acts reasonably necessary to maintain, sustain, reexamine, reissue, or extend the Licensed Patents. For the first twelve months of this Agreement, LICENSOR shall do so at its expense; thereafter LICENSEE shall pay or reimburse LICENSOR for their reasonable expenses in so doing. In the event LICENSOR fails to take any such action LICENSEE is hereby authorized to do so as attorney-in-fact or otherwise on behalf of LICENSOR and, during the first twelve months of this Agreement, to deduct all costs and expenses incurred from amounts payable by it hereunder. In addition, LICENSOR further acknowledges that they have heretofore furnished to LICENSEE a schedule of the maintenance fees payable by them with respect to the Licensed Patents, and, during the first twelve months of

this Agreement, LICENSOR shall pay all such fees at least thirty (30) days in advance of their due date (without regard to any applicable grace period) and to provide LICENSEE with evidence of such payment.

At LICENSEE's option, such improvements or similar products shall then be incorporated into the Licensed Patents, Confidential Information and Trade Secrets, Know-How and Licensed Products without further consideration from LICENSEE therefor, and LICENSOR shall give LICENSEE full information regarding such improvements or similar products.

4.7 LICENSEE shall prepare, file and prosecute at LICENSEE's expense, insofar as it is deemed appropriate in the sole judgment of LICENSEE, applications for letters patent in the United States on all improvements hereafter made by LICENSOR, as well as corresponding foreign applications of letters patent, which applications are and shall be incorporated into the Licensed Patents without further consideration from LICENSEE. If LICENSEE elects not to prosecute an application for letters patents in any country, then LICENSOR in its discretion and at its expense may prosecute such application but shall not be obligated to do so. LICENSEE shall bear the expense of obtaining any additional patents or completing any patent applications which LICENSEE elects to prepare, file or prosecute under this provision and shall bear the expense of any patent fees associated with such additional patents or applications as well as any costs of maintaining the patents, including taxes thereon. LICENSOR shall similarly bear the expense of any patents or patent applications which they elect to prepare, file or prosecute and the expense of any such patent fees as well as any costs of maintaining such patents, including taxes thereon. LICENSOR shall, without further consideration therefor, at the request of LICENSEE, do all acts necessary or appropriate in connection with such applications for letters patent. If LICENSEE elects not to appeal such decision, LICENSOR may, in their discretion and at their expense, appeal such decision, but shall not be obligated to do so.

4.8 LICENSOR further represents and warrants that they have provided to LICENSEE all information concerning communications with any governmental agency, including without limitation, the Food and Drug Administration, the past and current regulatory approval status, and any past or current regulatory violations, concerning the Licensed Products, and that such information is true, complete and correct.

The party bringing the suit shall pay all reasonable travel expenses of the other party.

VI. INDEMNITY

6.1 In the event a claim is made against LICENSEE or any Sublicensee alleging that any claim of the Licensed Patents, Marks, Copyrights or Confidential Information and Trade Secrets or Know-How is invalid or unenforceable or that the sale or lease of the Licensed Products infringes any patent or patents or other superior rights of any third party, LICENSEE shall, at its option, commence the defense of LICENSEE and its Sublicensees, by bringing or defending a lawsuit or settling the claim, and LICENSOR will cooperate with LICENSEE in such defense and settlement and shall take no action inconsistent therewith. In the event that LICENSEE elects not to defend against any such claim or elects to terminate such defense, then LICENSOR may commence such defense by bringing a lawsuit or settling the claim, and LICENSEE will cooperate with LICENSOR in such defense and settlement and shall take no action inconsistent therewith. In either such event LICENSEE shall have the right to deposit the payments accrued and not theretofore paid to LICENSOR resulting from the sales or leases of Licensed Products which are the subject of such alleged invalidity, unenforceability or infringement and all payments thereafter accruing under this Agreement resulting from the sales or leases of such Licensed Products in an escrow account in a national bank selected by LICENSEE. If such claim is finally resolved favorably to LICENSEE, all such payments in the escrow account, including interest thereon, will immediately be paid to LICENSOR. If such claim is finally resolved adversely to LICENSEE, all funds in such account, including interest thereon, shall be paid to LICENSEE and its Sublicensees.

6.2 If any claim of the Licensed Patents is held invalid or unenforceable or held to infringe any patent or patents or other superior rights of any third party by a decision of any tribunal of competent jurisdiction, then with respect to any such claim so held invalid or unenforceable or held to infringe the superior rights of any third party, the decision of such tribunal shall be followed from the date of entry of such decision and with respect to any such claim, LICENSEE shall, in addition to any other rights or remedies it may have, thereafter be relieved from making any payments with respect to such claim, and from including in its reports hereunder any items covered solely by such claim;

provided, however, that if there are conflicting final decisions by courts of equal jurisdiction, the one of latest date shall be controlling.

6.3 Subject to Sections 6.1 and 6.2, LICENSOR shall jointly and severally defend, indemnify and hold LICENSEE and its Sublicensees harmless from any and all losses, damages or expenses (including reasonable attorneys' fees) incurred by LICENSEE or any of its Sublicensees as a result of or relating to any breach or threatened breach of LICENSOR's representations, warranties, or obligations hereunder.

VII. CONFIDENTIALITY

7.1 LICENSOR and LICENSEE shall not use or permit use of any Confidential Information and Trade Secrets and Know-How except in accordance with this Agreement, and shall not disclose any Confidential Information and Trade Secrets and Know-How to others except to the extent such disclosure is necessary to perform or enforce this Agreement.

7.2 Neither LICENSOR nor LICENSEE shall be under an obligation of confidentiality to the extent any Confidential Information and Trade Secrets and Know-How:

- (i) has previously been made public in writing;
- (ii) was already known to the other party in writing at the time the disclosure was made by the disclosing party;
- (iii) becomes public knowledge other than by breach of this Agreement; or
- (iv) becomes otherwise available in writing from a third party not bound by any confidential relationship.

VIII. TERM AND TERMINATION OF AGREEMENT

8.1 Subject to earlier termination as provided for in this Agreement, the licenses provided for in this Agreement shall be effective from the date of this Agreement and shall continue for as long as LICENSEE wishes to use the Licensed Patents, Confidential Information and Trade Secrets and Know-How. Subject to earlier termination as provided for in this Agreement, the obligation of LICENSEE to pay royalties shall terminate upon expiration of the Licensed Patents and its obligation to pay royalties in a particular country shall terminate upon the expiration of the last of the Licensed Patents in force in such country.

8.2 Either LICENSOR or LICENSEE is entitled to terminate this Agreement upon ninety (90) days' written notice in the event of a material breach of this Agreement by the other party.

If the breach is cured within such ninety (90) day period, or if the breach is incapable of being cured within such ninety (90) day period and the party in breach in good faith initiates bona fide performance of a cure within such period and completes such cure not later than one hundred eighty (180) days from the date of notice of termination, then such notice of termination shall be null and void. For purposes of this Agreement, a material breach by LICENSEE giving rise to rights of termination shall be limited to a breach of Sections 3.1 through 3.7, 3.10 and 4.9.

- 8.3 In the event of termination of this Agreement, no further minimum royalty payments shall be due from LICENSEE to CPR-PROMPT. Termination of this Agreement shall not relieve LICENSEE of its obligation to pay other royalties accrued prior to such termination.
- 8.4 Upon termination of this Agreement, LICENSEE shall have the right to complete any and all contracts for the sale of the Licensed Products that it may then have upon its books or for which it has become obligated, and may work up and sell such uncompleted parts of the Licensed Products as it may have on hand at such termination date; provided, however, that all such contracts and such sales must be completed within one (1) year after such termination.
- 8.5 This Agreement shall terminate as of the date specified in a written notice from LICENSEE to LICENSOR indicating that after such date LICENSEE shall cease its efforts to actively make, have made, use, sell or have sold the Licensed Products and that it terminates this Agreement for that reason.
- 8.6 Any cause of action or claim of a party arising from any breach of this Agreement by the other party shall survive termination of this Agreement.
- 8.7 In the event LICENSEE terminates this Agreement pursuant to Section 8.5 prior to the expiration of the Licensed Patents, any existing Sublicensee of LICENSEE may elect to continue its sublicense with LICENSOR by advising LICENSOR within sixty (60) days of Sublicensee's receipt of written notice of such termination of its election to continue such sublicense. LICENSOR shall be bound by the terms of such sublicense but shall be entitled to retain and not remit to LICENSEE any amounts received from such Sublicensee payable thereunder after such termination.
- 8.8 In the event LICENSEE terminates this Agreement pursuant to Section 8.5 prior to the expiration of the Licensed Patents, the Marks and all sales and marketing materials relating to

the Licensed Products owned by LICENSEE at that time shall be transferred back to CPR-PROMPT at no cost to CPR-PROMPT.

IX. GENERAL PROVISIONS

- 9.1 Any notice or other required communication to either party to this Agreement required or permitted to be given hereunder shall be in writing and shall be either delivered in person or sent by registered or certified mail, return receipt requested, postage prepaid, to the address of such party as set forth herein or to such other address as such party shall have communicated to the other. Any such notice or communication shall be deemed to have been served when delivered or, if delivery is not accepted by reason of the fault of the addressee, when mailed.
- 9.2 If a clause of this Agreement is or becomes ineffective or null and void, such ineffectiveness will not prejudice the remaining provisions of the Agreement.
- 9.3 If either party should at any time waive its rights due to a material breach by the other party of any of the provisions of this Agreement, such waiver is not to be construed as a continuing waiver of other breaches of the same or other provisions of this Agreement.
- 9.4 Any disputes under this Agreement shall be submitted to and settled by arbitration in accordance with the then prevailing commercial arbitration rules of the American Arbitration Association. Such arbitration shall be held in the Cleveland, Ohio area before a panel of three arbitrators, one selected by each of the parties and the third selected by mutual agreement of the first two. The decision of the arbitrators shall be final and binding as to any matter submitted under this Agreement. Judgment upon any award rendered by the arbitrators may be entered in any court of competent jurisdiction.
- 9.5 Any late payments under this Agreement shall bear interest at one and one-half percent (1-1/2%) per month or if lower, the highest rate allowed by applicable law.
- 9.6 This Agreement shall be deemed to be executed in the State of Ohio, and shall be governed by and construed in accordance with the laws of the State of Ohio, without regard to its principles of conflicts of law.
- 9.7 This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same document.

9.8 This Agreement supersedes all prior negotiations, agreements and understandings between LICENSOR and LICENSEE and constitutes the entire agreement between LICENSOR and LICENSEE as to the subject matter hereof. This Agreement may not be altered or amended except in writing signed by the parties hereto; provided, however, that if CPR-PROMPT is dissolved, any alteration or amendment shall be signed by Hutchins, LICENSEE and by those persons or entities who formerly owned a majority of the outstanding stock of CPR-PROMPT.

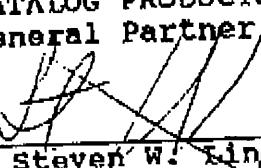

9.9 This Agreement shall be binding upon and inure to the benefit of the parties hereto and their successors, legal representatives and assigns. Upon any assignment, the assignor shall remain bound by this Agreement in accordance with applicable law except that Section 3.10 shall apply only to interests in the Affiliate referred to therein and not to interests in County Line Limited Partnership.
